| Marital Status Claimed | Never Married                          | Consent Given    | Yes - 06 March 2026, 11:42 AM |

## SECTION 2: VERIFICATION SUMMARY

| Check                      | Status    | Source Used                      | Analyst Note                                                                                                                                                     |
|----------------------------|-----------|----------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Identity Verification      | VERIFIED  | Aadhaar OTP + PAN Database       | Name, DOB, and photo match confirmed. No discrepancy found.                                                                                                      |
| Address Verification       | VERIFIED  | Aadhaar Registered Address       | Current address in Mumbai confirmed. Permanent address Nagpur confirmed.                                                                                         |
| Criminal and Court Records | VERIFIED  | eCourts Services Portal          | No criminal cases, civil disputes, or pending court matters found.                                                                                               |
| Education Verification     | VERIFIED  | NAD + VIT Pune Records           | B.Tech degree from VIT Pune confirmed. Graduation year 2015 matches claim.                                                                                       |
| Employment Verification    | ATTENTION | EPFO + LinkedIn + Phone          | Infosys employment confirmed but designation is Engineer not Senior Engineer as claimed. Salary range lower than stated.                                         |
| Previous Marriage Check    | VERIFIED  | eCourts Family Court + Registrar | No record of previous marriage or divorce proceedings found.                                                                                                     |
| Social Media Check         | ATTENTION | Facebook, Instagram, LinkedIn    | Instagram profile shows frequent late night party activity. One post from 2024 showing alcohol consumption. No serious red flags but noted for family awareness. |

SECTION 3: DETAILED FINDINGS

3.1 Identity Verification

| Field         | Claimed            | Verified Result    | Match |
|---------------|--------------------|--------------------|-------|
| Full Name     | Rahul Suresh Mehra | Rahul Suresh Mehra | Yes   |
| Date of Birth | 14 July 1993       | 14 July 1993       | Yes   |
| Gender        | Male               | Male               | Yes   |
| PAN Number    | ABCPM1234X         | Valid and Active   | Yes   |

3.2 Employment Verification (Attention Needed)

| Field                 | Claimed                  | Verified Result                            | Match   |
|-----------------------|--------------------------|--------------------------------------------|---------|
| Current Employer      | Infosys Limited          | Infosys Limited, Mumbai                    | Yes     |
| Designation           | Senior Software Engineer | Software Engineer (Band 5)                 | No      |
| Employment Since      | 2018                     | January 2019                               | Partial |
| EPFO Contribution     | Not Stated               | Active PF contributions confirmed          | N/A     |
| Stated Monthly Income | Rs. 1.8 Lacs             | EPFO suggests Rs. 90,000 to 1.1 Lacs range | No      |

Analyst Note: The candidate is confirmed to be employed at Infosys Limited. However the designation claimed as Senior Software Engineer does not match available records which indicate Engineer at Band 5 level. The income stated appears higher than what EPFO contribution data suggests. We recommend the requesting family seek clarification directly from the candidate on these specific points.

3.3 Social Media Check (Attention Needed)

| Platform    | Profile Found | Account Age | Status    | Observations                                                                                                                              |
|-------------|---------------|-------------|-----------|-------------------------------------------------------------------------------------------------------------------------------------------|
| Facebook    | Yes           | Since 2012  | VERIFIED  | Active profile. Family oriented posts. No red flags.                                                                                      |
| Instagram   | Yes           | Since 2017  | ATTENTION | Public profile. 847 followers. Frequent party posts. Alcohol visible in 3 public posts from 2023 and 2024. No illegal or violent content. |
| LinkedIn    | Yes           | Since 2015  | ATTENTION | Designation listed as Senior Engineer which does not match EPFO data. 212 connections. No endorsements for senior level skills.           |
| Twitter / X | No            | N/A         | NOT FOUND | No public profile found under candidate name or known phone number.                                                                       |

## SECTION 4: RED FLAGS AND ATTENTION POINTS

| No. | Area         | Finding                                                                                                                                                     | Severity |
|-----|--------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|----------|
| 01  | Employment   | Designation claimed as Senior Software Engineer. Verified as Software Engineer (Band 5). Discrepancy of one level.                                          | Medium   |
| 02  | Income       | Stated monthly income of Rs. 1.8 Lacs does not align with EPFO contribution data which suggests Rs. 90,000 to 1.1 Lacs range.                               | Medium   |
| 03  | Social Media | Instagram shows alcohol consumption in public posts. Frequent late night social activity visible. Not illegal but relevant for family lifestyle assessment. | Low      |
| 04  | LinkedIn     | LinkedIn designation does not match EPFO verified records. Profile may have been updated to reflect aspirational rather than actual title.                  | Low      |

## SECTION 5: RELATIONSHIP READINESS SCORE

72

### Score Breakdown

out of 100

ATTENTION NEEDED

## SECTION 6: ANALYST NOTES AND RECOMMENDATION

The candidate, Mr. Rahul Suresh Mehra, has a largely positive verification outcome. Identity, address, criminal records, education, and previous marriage checks are all fully verified with no discrepancies found. He is a genuine person with a clean legal record. However two points warrant a direct conversation with the candidate before the family proceeds further. First, the employment designation and income stated by the candidate are higher than what official records indicate. This is not uncommon and may reflect a difference in how designations are described informally versus officially, but the family should seek written confirmation or a salary slip to verify. Second, the candidate's social media reflects an active social lifestyle which some families may find relevant to assess compatibility. Neither finding constitutes a serious red flag. However both deserve clarification before proceeding.
